BOOK REVIEWS OF THE MONTH
CUMULATIVE ANNUAL INDEX
Volume VI (May, 1970 - April, 1971)

This cumulative author index has been prepared in response to many requests that such an annual index be provided to facilitate the use of the twelve separate issues comprising the volume. Certainly this is good news for those who know the value of this tool for rapidly locating the listings for the reviews of the 2500 titles contained in the twelve separate issues of the volume.

Again this year it is necessary to charge $2.00 for this index because the basic subscription rate for BOOK REVIEWS OF THE MONTH does not cover the cost of the index. It has been felt that subscribers might wish to have the option of receiving or not receiving the index. There is no question about the fact that the value of the annual index more than justifies the $2.00 charge, and most subscribers do not hesitate to pay this fee to help with this indexing project.

Please return the form at the bottom of this page with a $2.00 remittance for your cumulative author index for BOOK REVIEWS OF THE MONTH, Volume VI (May, 1970 - April, 1971).
